Cold: Gold! Gold! WE ARE OFFERING
If for sale the Treasury Stock of the Powhatan
Mining Co., and are auxious to place this information in the hands of every individual who has much
of little money to invest. The mines owned by this
Company are located in Culpeper County, Virginia,
about midway between Culpeper Court House and
Fredericksburg, and between the Rapidan and Rappahannock Rivers. They are only 12 miles from Remington, on the Southern Hailroad, and to miles northerly from the Wilderness battlefield. They have been
proven to contain vast quantities of sulphile ore, carrying a gold value of from \$8\$ to \$20\$ per too, and a general average would indicate the vanic of at least \$6\$ per
ton. It is proposed to sell the Treasury Stock, 40,000
shares, and install a chlorauation plant, with capacity
to treat \$25\$ toos per day. We have the authority of the
best mining experts for the assertion that the ore can
be mined and treated at a case of not to exceed \$2.50 per
ton. It is believed, for experience has shown, that the
ore increases in volume and value as depth is obtained.
Gold was mined in this section before the Civil War,
and many an old soldler will recall the evidence of
the fact observed by him while passing through this
section in the days of '64. We expect the developments, when modern methods of mining and milling
are introduced, for show most gradifying results. The
Powhatan Mishing Co. has expended a large amount of
money to the purchase of the mines and in proving
their extent and value. The officers and directors and
present stockholders have, by resolution, made the
Treasury Stock preferred sock, to the extent of being
entilled to a preference dividend of sky per cent before
the other stock of the Company can participate in the
net earnings. We are the sole agains for the sale of the
Treasury Stock preferred sock, to the extent of being

the other stock of the Company can participate in the

FREE.-A WONDERFUL SHRUB. CURES KIDNEY AND BLADDER

MEDICAL.

DISEASES, RHEUMATISM, ETC. New evidence shows that Alkavis, the new botan-ical product of the Kava-Kava Shrub, is indeed a true specific cure for discuses caused by Uric acid in the blood, or by disorders of the Kidneys and Urinary organs. A remarkable case is that of James Thomas, Esq., of the Board of Review, Bureau of Pen-sions, Washington, D. C., as told in the New York World of recent date. He was cured by Alkavis after many physicians had failed, and he had given up all hope of recovery. Similar testimony of extraordinary cures of physicians had falled, and he had given up all hope of recovery. Similar testimony of extraordinary cures of Rheumatism and Kidney and Bladder diseases of long standing, comes from many other sufferers, and 1.20 hospital cures are recorded in 30 days. So far the Church Kidney Cure Co., No. 42 Fourth Avenue, New York, are the only importers of Alkavis, and they are so anxious to prove its value that for the sake of introduction they will send a free treatment of Alkavis, prepaid by mail, to every reader of This National Trinkins who is a sufferer from any form of Kidney or Bladder disorder, Bright's Discase, Rhenmatism, Blabetes, Bropsy, Gravel, Palm in Back, difficult or too frequent passing water, or other affiction due to improper action of the Kidneys or Urimary organs. We advise all Sufferers to send their names and address to the company, and receive the Alkavis free. To prove its wonderful curative powers, it is sent to you entirely free.
